

product description:

suitable for boxes KSK 125 and KSK 175
allows mounting to posts inside box or to the box's bottom – installation is done using included screws
designed for maximum voltage of 500 V
terminal plate is compound of five separate terminals
one terminal is intended: for 4 conductors of 2.5 to 4 mm² or for 3 conductors 6 mm²

material: PP (halogen-free, Pb-free material)

color: light gray RAL 7035

self-snuffing: yes, within 30 s

temperature resistance: -40 - +85 °C

flaming loop test: 850 °C

fire class for underlying material: A1-F

weight: 36 g

meets the requirements: EN 60998-1

storage: ČSN 64 0090

S-KSK 2_KB - 10 pcs of terminals packed in foil, labeled; 200 pcs of terminals stacked in carton

recycling symbols:

terminal plate

screws, clamp strap

foil

cardboard

WARNING

risks associated with

using the products: incorrect electrical installation can cause a fire - we recommend the connection to be carried out exclusively by an authorized person
follow the manufacturer's installation instructions according to the installation instructions and videos
damage to the product - if the box is visibly damaged, stop using it
make sure the product is properly attached and secured to prevent accidental loosening
under normal and foreseeable conditions of use, the installed product does not pose any risks to consumers
